

H85A Browguard

For Use With VCA85 Visor

Product Datasheet

OUR REF: H85A

PRODUCT DESCRIPTION

A tough and durable browguard with integral sweatband and wheel ratchet system for a secure fit. Adjustable headband and friction adjustable visor pivot. ONLY suitable for use with VCA85 visors which are sold separately.

AVAILABLE SIZES: ONE SIZE

(designed to fit 'normal size range')

PACKAGING: Per Pack: 10

Per Case : 60

COLOURS AVAILABLE: Yellow & Black

NOTE: The levels of protection are based on the LOWEST value on either the visor or carrier. These may not be the same on both components - check before use or contact your supplier for more information. This product when fitted with VCA85 visor is for eye protection against moderate impact hazards but is NOT unbreakable.

Shown With
VCA65 Visor.

Technical Details

Complies with the requirements of the European Standard EN166:2001 "Personal Eye Protection".

EN 166 3 B Average energy impact (resists a 6 mm, 0.86g ball bearing at 120 m/s) Protection against liquid splashes.

EN 1731 F Low energy impact (resists a 6mm ball, 0.86g ball bearing at 45m/s) [Applicable when fitted with mesh type visors only.]

If the symbol F, B and A are not common to both visor and frame then the lower level MUST be assigned to the complete eye-protector.

Instructions for use:

- Inspect the carrier carefully before use and discard if damaged in any way.
- Ensure the visor is correctly fitted to the carrier (VCA 85) and that all securing tabs are in the vertical position. Adjust the browguard headband and wheel ratchet to provide a secure comfortable fit. Gently bend the aluminium trim so that the visor matches the shape of the carrier before use.
- This is a one size helmet and should be adjusted to fit by moving the pin to the appropriate ratchet hole at the nape of the neck. If the chin strap is used, adjust the buckle until the helmet feels comfortable and snug to the head.

Additional Information:

- **Storage:** Always store in clean, dry conditions and contain within the poly bag/box provided. Do not store in places subject to direct, strong sunlight or in contact with solvents.
- **Damage:** This product should be carefully inspected before use and discarded if damaged in anyway whatsoever.
- **Chemicals:** Certain chemicals may have a detrimental effect on contact with this product. If in doubt please check with your supplier.
- **Material Declaration:** No parts of the helmet which are in contact with the wearer are made from materials known to cause skin irritation.
- **Cleaning:** Clean with warm soapy water.
